EP 6 (4+2)
Multi Passenger
Electric Vehicle

The EP 6 electric multi-passenger vehicle is the zero emission solution for transporting 6 people around quickly and quietly.

It comes with 4 forward facing seats and 2 rear facing, making it perfect for short journeys and transporting people.

Rear facing seat folds out as a luggage carrier as standard.

With today's air and noise pollution issues, this electric vehicle is ideal for sustainable mobility projects and ecofriendly public / private transportation.

Dimensions
