

## MC 480 Electric Burden Carrier

With its advanced engineering and improved modular design, the MC-480 electric burden carrier takes productivity to new places. It boasts superior components throughout, including a high-efficiency AC power train and controller with multifunction display, direct drive differential and larger drum brakes.

Its well-balanced rear-battery design increases manoeuvrability, traction and braking—even when carrying heavy loads. Standard features include bolt-on front bumper and all-steel unibody construction. A safe, rugged, do-it-all vehicle with unlimited configurations.

### Vehicle Specification

<b>Motor</b>	10 hp
<b>Voltage</b>	36v
<b>Transmission</b>	Direct Drive
<b>Batteries</b>	6x6v
<b>Steering</b>	Automotive Style
<b>Seating</b>	2 x Bucket Seats
<b>Height</b>	114 cm
<b>Length</b>	313 cm
