

EP 8 (6+2) Multi Passenger Electric Vehicle

The EP 8 electric multi-passenger vehicle is the zero emission solution for transporting 8 people around quickly and quietly.

It comes with 6 forward facing seats and 2 rear facing, making it perfect for short journeys and transporting people.

Rear facing seat folds out as a luggage carrier as standard.

With today's air and noise pollution issues, this electric vehicle is ideal for sustainable mobility projects and eco-friendly public / private transportation.
